

America's New Majority Project National Survey
of 1,200 Registered Voters
Conducted by RMG Research, Inc.
October 25-27, 2022

1* Some people advocate "gender-affirming care" which involves puberty blockers or surgery to help transition a boy to a girl or a girl to a boy. Should it be against the law to provide this treatment to children?

55%	Yes
27%	No

2* President Biden recently said it is "outrageous" and "immoral" to prevent children from receiving hormones and surgery to help them transition from one gender to another. Do you agree or disagree with the president?

18%	Strongly agree
16%	Somewhat agree
11%	Somewhat disagree
45%	Strongly disagree
11%	Not sure

3* Suppose a young boy says he wants to become a girl. Is it best to immediately start hormone treatments to stop puberty, or to wait until he is an adult before making permanent decisions?

10%	Immediately start hormone treatments to stop puberty
70%	Wait until he is an adult before making permanent decisions
19%	Not sure
