

NATIONAL SURVEY

of 1,000 Registered Voters

Conducted March 16-17, 2023 by Scott Rasmussen/RMG Research

1* Social Security and Medicare are funded by payroll taxes that all workers pay. Knowing this, which do you believe is more important for the long term stability of Social Security and Medicare: a strong and growing economy, or increasing tax rates that keep up with the programs' demands?

- 70 percent- A strong and growing economy
- 19 percent- Increasing tax rates that keep up with the programs' demands
- 11 percent- Not sure

2* Some people argue that tax increases and burdensome regulations hurt economic growth, and that weakens Social Security and Medicare. Do you agree or disagree with this opinion?

- 22 percent- Strongly agree
- 38 percent- Somewhat agree
- 17 percent- Somewhat disagree
- 8 percent- Strongly disagree
- 15 percent- Not sure

3* Some people argue that the best way to ensure Social Security and Medicare remain solvent is to promote economic growth by lowering taxes and regulations. Do you agree or disagree with this opinion?

- 24 percent- Strongly agree
- 39 percent- Somewhat agree
- 16 percent- Somewhat disagree
- 9 percent- Strongly disagree
- 13 percent- Not sure

The survey of 1,000 Registered Voters was conducted online by Scott Rasmussen on March 16-17, 2023 on behalf of America's New Majority Project. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.
